Auto Eway Bill

Dear Customer,

Presently, the generation of E-Way Bill is a manual task. Whether you are exporting JSON file from Tally or you are manually creating an E-Way Bill transaction on the portal.

In both cases, the entire process is time-consuming and does require further intervention to ensure no mismatch in your accounting data.

Maze Works Solutions brings you yet innovation to automatically generate E-Way Bill directly from the tally.

Key Advantages Of Our Solutions are as under

- 📖 Auto Generate E-Way Bill while creating the invoice in tally.
- 📖 No need to fill the details again on the E-way bill website/ Exporting of JSON file is not required.
- 📖 Option to generate E-Way Bill whenever required after invoicing.
- 📖 Auto-update E-Way Bill number and Date on Sales transaction in Tally.
- 📖 Support a large number of stock items in a single invoice for E-Way Bill generation.
- 📖 E-Way Bill Printing available directly from Tally itself.
- 📖 100% error-free integration within no time.
